 - read 30 minutes and record
- complete 3 word study homework menu activities by Friday

Notes from the teachers

*Since we are 1:1 with Chromebooks it is helpful for your child to have earbuds or headphones for use at school. Please send if possible!

*Trifolds for the Science Fair project are sold in the school store for \$5.

*The Science Fair project rough draft was due 10/27. The bright orange paper in the Thursday folder is where you and your child will draft the ideas.

*We have chosen collecting soda/pet food/soup pop tabs as our third grade service project to benefit the Ronald McDonald House of Charlotte!

*Students should be memorizing multiplication facts 0-10 this year.

*Try this great kid-friendly website for science fair project graphs

Vocabulary Reptiles

Quiz Friday 11-3

- flick**- move or make something move, with a quick sudden motion
- slither**- slip and slide along like a snake
- bask** – sit or lie in the sun
- mighty** - very strong and powerful
- image** - a picture you have in your mind
- moist** - slightly wet or damp

CMS Parent -Teacher Conferences

Happy End of First Quarter! It's conference time and we look forward to discussing goals for your child! **You will ONLY need to speak with your child's math and literacy teacher.** Please ask your child who those teachers are. If your conference is on Monday 10/30 all third grade teachers will be **in the atrium** in the Kindergarten wing.

Curriculum Corner

Health- healthy expression of emotions; guidance counselor lesson

Language Arts/Social Studies- the function of verbs in sentences, determining the main idea/details, nonfiction text features, stopping and jotting while reading, referring back to the text to answer questions; community leadership roles
