HOMWORK

-Excel math sheet (except on excel test days) and/or math workbook page (with problems personalized for your child)

-read 30 minutes and record (one night should be Edgenuity)

A Note from MUSIC

Dear Third Grade Parents,

Upon our return from winter break on Wednesday, January 3rd all third grade students will begin learning to play the recorder in music class. All students will need to purchase a recorder for their own personal use. Some third grade students have already acquired their instrument. They will use their recorders in music classes beginning this year all the way through 5th grade. In order to make it easier and more convenient to acquire a recorder they will be available on sale at the HES spirit store for \$6. If a student already has a recorder or wishes to purchase one elsewhere that would also be fine. They all seem very excited for the opportunity to learn a new instrument and I am certainly looking forward to their recorder lessons.

Mr. Salvatore

Tuesday is Cafeteria Worker and Custodian Appreciation Day here at HES! These men and ladies work so hard at very important jobs and we want to show them our appreciation! If you would like to make a family card or poster we would love to display them for these early risers who are here sooo early to prepare things for our staff and students! Send anything in Monday and we will deck out the cafeteria Monday after school!

Have a wonderful holiday break!
Don't forget to collect tabs for our service

project!

Curriculum Corner

Writing- Thanksgiving activities

Language Arts/Social Studies- verbs- past, present and future tense, determining the main idea/details, using nonfiction text features to locate information, stopping and jotting while reading, referring back to the text to answer questions; community leadership roles
